Greg- We will try to shoot for some time between now and September 18<sup>th</sup> and then at least two of us will be out of the office for a week. The sooner we discuss I guess the better.  
Sorry we missed the earlier availability dates. BK

Sounds fine Greg. We will all take a look and let you know best times. Rattle my cage if you don't hear back soon enough. Thanks.

Bruce, hope you're doing well!

As we spoke about in March I am currently working with a company, San Joaquin Renewables (SJR), that intends to develop a geologic sequestration project in the San Joaquin valley, California. We are hoping that you, David and Molly (or whomever would be most appropriate staff from HQ and R9) would be receptive to an informal virtual meeting with myself and representatives of SJR to discuss the project and Class VI permitting process. If so, do you mind sending me your availability for the weeks of August 31, September 7, and September 14?

Best, Greg
